## JPS24D & MOUNT

### 2 COAX Connectors and AC Input on Wall Mount

The JPS24D is a wall mount with an integrated 24VDC switching power supply. There are 2 COAX connectors and an AC input on the wall mount. COAX connectors support cable in, and power out to TV. The power supply is used to power one TV. The JPS24D and wall mount support a load limit of up to 41 pounds with a 5/8" metal post hole. The 5/8" metal post hole is a replaceable metal bushing, designed to extend the life of the JM80E Mount. Powder-coated, the JM80E wall mount is covered by a 2 Year Advanced Exchange Warranty.
